GROUP TOUR INFORMATION

Thank you for your interest in the Lynden (formerly Bradley) Sculpture Garden. The Sculpture Garden provides a unique experience of art in nature through its collection of more than 50 monumental sculptures sited in 40 acres of park, lake and woodland. Skilled docents guide groups of 10 or more through the Sculpture Garden's collection of 20th-century monumental outdoor sculpture. Be sure to leave time to visit the house and gallery after your tour. Temporary exhibitions will be interspersed with exhibitions drawn from the Bradley Family Foundation's collection of small sculptures, paintings and works on paper. Please visit our web site (www.lydensculpturegarden.org) for a list of exhibition dates, to join our e-list or for more detailed information on tours, exhibitions, special events and the sculpture collection.

Tour Times

The Sculpture Garden will be open for docent-led tours of the sculptures and grounds year-round, weather permitting. Tours are booked Monday, Tuesday, Wednesday, Friday and Saturday from 9 am–5 pm (no tours on Thursdays). Docent-led tours of the sculptures and grounds are approximately 90 minutes in length from your scheduled start time.

There are standing tours on Sundays at 2:30 pm. Reservations are required; directions for reserving a spot are on the web site.

House and Gallery

Docent tours are of the sculpture garden collection. Allow extra time after the tour to view the art collection in the house and temporary exhibitions in the gallery.

Registration

Advance registration is required for all group tours. Docent availability is limited, and reservations are required at least six to eight weeks in advance of desired date.

Fees

The tour fee is \$12 per person. Accompanying children are \$8 each. A surcharge of \$25 applies to groups under ten. This does not apply to the Sunday tour.

Special Needs

When requesting a tour, please indicate your need for any specialized information or assistance. There are very few paths at the Sculpture Garden. If you have any questions about accessibility, please contact the tour scheduler by e-mail or phone. All docent-guided tours are conducted in English unless otherwise requested. If you would like to request a tour in Spanish, German, French, or American Sign Language, please indicate this at the time of your tour request. Docent and translator availability for tours conducted in these languages is very limited.

How to Register

Please return the enclosed form to the tour scheduler at the snail mail or e-mail address above or fax to 414-446-8492. Every effort will be made to confirm your reservation as quickly as possible; confirmation is dependent on docent availability. You will receive additional information on payment, parking and cancellations when your tour is confirmed.
