SUMMER FIELD TRIP INFORMATION

Thank you for your interest in visiting the Lynden Sculpture Garden this summer. The Sculpture Garden provides a unique experience of art in nature through its collection of more than 50 monumental sculptures sited in 40 acres of park, lake and woodland.

Choose among two **Field Trips** designed for mixed age groups (7-18 years). These two-hour excursions, led by Lynden staff, encourage children to explore different aspects of Lynden's collection of outdoor sculpture and its environment. After looking at the work of contemporary artists who use Lynden as a laboratory, children relate their discoveries of art in nature to a hands-on art project outdoors. Summer field trips are offered June-August on Mondays, Wednesdays, and Fridays and are the perfect outing for CLCs and day camps. Picnic tables are available if you choose to pack a lunch or snack.

Availability

Field Trips at Lynden are designed for groups up to 30 with a minimum requirement of 10. If your group size is over 30 students but below 65 students, we can accommodate your visit with advance notice, however larger groups (65-90) will need to be divided and scheduled at two different times. Group size does not include chaperones. Be sure to dress appropriately for the weather; students will spend the entire time outdoors during their visit.

Fees

\$7 per child (there is a \$90 minimum for groups under 15). This includes admission, tour, and all materials. One adult chaperone is required per 10 students and these chaperones are admitted free. The fee is \$7 for each additional chaperone. Fee subsidies and transportation assistance are available.

Stay for Lunch

The Lynden Sculpture Garden does not have indoor lunch facilities, though visiting groups may enjoy our outdoor picnic area for bag lunches. The picnic area is located under a grove of tall pines just off the parking lot with restrooms and a drinking fountain nearby. Picnic tables can accommodate up to 80 students. If you are planning to picnic, please check with us to make sure the area is available.

Special Needs

When requesting a trip, please indicate your need for any specialized information or assistance for your students. There are very few paths at the sculpture garden. If you have any questions about accessibility, special accommodations or allergies, please contact the tour scheduler by e-mail or phone.

How to Register

Advance registration is required. Availability is limited, and reservations are preferred at least six weeks in advance of desired date. Please return the enclosed form to Anna Grosch at the snail mail or e-mail address above or fax to 414-446-8492. Every effort will be made to confirm your reservation as quickly as possible; confirmation is dependent on educator availability. You will receive additional information on payment, parking, cancellations, visitor

guidelines and what to bring when your visit is confirmed.
