

## SUMMER CAMPS AT THE INTERSECTION OF ART AND NATURE

Lynden's art and nature camps for children aged 20 months to 15 years integrate our collection of monumental outdoor sculpture with the natural ecology of our hidden landscapes and unique habitats. Led by artists, naturalists, and art educators, the camps explore the intersection of art and nature through collaborative inquiry and hands-on artmaking, using all of Lynden's 40 acres to create a joyful, all-senses-engaged outdoor experience. Most camps conclude with an informal showing for family and friends.

### REGISTRATION POLICIES

Enrollment is limited, please register early. Camps are filled on a first-come, first-served basis.

#### Cancellation

If a camp is filled to capacity, or cancelled due to low enrollment (this will be determined 14 days prior to the first day of a camp), your registration fee will be refunded in full.

#### Refunds

There is a \$35 administrative fee for all refunds issued up to 14 days prior to the first day of a camp. No refunds are made after that period.

#### Sibling/Buddy Discount

Register for a camp with a sibling, or with a friend who is new to the Lynden Sculpture Garden, and you each receive a \$10 discount. Registrations must be submitted together; campers do not need to register for the same camp to receive the discount.

#### Extended Care Options

If you need to pick your child up after 4 pm, we offer extended care from 4-5 pm for the full-day camps indicated in the schedule. The cost is \$7 per day or \$35 for the week and pre-registration is required.

**Lynden Sculpture Garden  
2145 W. Brown Deer Rd., Milwaukee, WI 53217**

These camps are organized around themes—from metamorphosis to webs—and introduce a range of imaginative experiences, materials, and tools. Working on projects individually and as a team, we'll be raising butterflies, building our rafts to float across the pond, and recording our discoveries in prints, collages, and sculptures. Whether we are exploring environmental adaptation or the physics of flotation, digging in the vegetable garden or carving handles for our knives, our focus is on cultivating creativity and an appreciation of process.

## Metamorphosis, Growth, Change

**5 DAYS** June 17-21 | 9 am-4 pm

Ages 6-11 • \$332/\$282 members

Unlike a maze, a labyrinth is one simple path with no dead ends that leads to a center that is both an end and a beginning. We'll compare artist-in-residence **Jenna Knapp's** labyrinth to other pathways and ecological systems we find in the natural spaces and among the sculptures at Lynden. Patterns, pathways, and entanglements will be revealed through sensory investigations in screen printing, clay, and paint.

## Shared Spaces

**3 DAYS** July 1-3 | 9 am-4 pm

Ages 6-11 • \$200/\$170 members

What is art and where can it be? We will expand our definitions by exploring the interactions of plants, animals, art, and people. We will build forest shelters with imaginative interiors, take a weaving hike to map the story of those who share the land, and harvest vegetables from the garden to invent recipes for a campfire barbecue.

## Pond Voyage

**5 DAYS** July 15-19 | 9 am-4 pm

Ages 6-11 • \$332/\$282 members

For aquatic insects, understanding buoyancy, surface tension, and propulsion is key to survival. We will adapt this knowledge as we construct floating sculptures, prototypes for the full-sized rafts that will carry us across the pond at the end of the week. Artist-in-residence **Arianne King Comer** will share her batik-dyeing skills to adorn ourselves and our rafts with colorful bandanas and nautical flags.

## Pathways

**5 DAYS** July 22-26 | 9 am-4 pm

Ages 6-11 • \$332/\$282 members

Unlike a maze, a labyrinth is one simple path with no dead ends that leads to a center that is both an end and a beginning. We'll compare artist-in-residence **Jenna Knapp's** labyrinth to other pathways and ecological systems we find in the natural spaces and among the sculptures at Lynden. Patterns, pathways, and entanglements will be revealed through sensory investigations in screen printing, clay, and paint.

## Nets + Webs

**5 DAYS** August 12-16 | 9 am-4 pm

Ages 6-11 • \$332/\$282 members

What could an artist, a scientist, and a spider have in common? **Marsha McDonald's** use of strategically-placed nets to collect materials for her Lynden residency project reminds us that arrangements and processes are shared across art, science, and nature. We'll cast our own nets into the pond to collect materials for an aquarium, map sounds in listening circles, and build artful clay shelters to observe insect life in our own backyards.

Extended care option available for all camps on this page.

## Forest Friends:

**A Camp for Very Small Children (and Their Adults)**

**3 DAYS** June 10-12 | 9-11 am

Ages 20 months-4 years •

\$96/\$85 members (one adult and one child).

Additional child: \$50.

We'll make a daily journey to Lynden's woodland play space to balance, build, and watch for the creatures that inhabit the back acres. Each morning includes outdoor play, story time, and hands-on artmaking.

## Nature's Kitchen

**5 DAYS** August 5-9 | 9 am-12 pm

Ages 4-6 • \$160/\$140 members

Where does food come from? What does it taste, smell, and feel like? Spend time in Lynden's vegetable garden, prepare "meals" for Lynden's animals in the play scape "kitchen," and make clay bowls with artist **LaNia Sproles** to hold the garden harvest for our culminating picnic.

## Les Artistes

In collaboration with the Alliance Française de Milwaukee. Register at [afmilwaukee.org](http://afmilwaukee.org) or call 414-964-3855.

**5 DAYS** August 19-23 | 9-11:30 am

Ages 5-7 • \$185

Immerse your child in the world of art and the French language, taught by a native French speaker. Enjoy creating art projects inspired by French songs and stories while making new friends and acquiring new concepts of the world through language. No French experience necessary, but all levels welcome.

## Sea & Sky

**3 DAYS** August 26-28 | 9 am-12 pm

Ages 4-6 • \$96/\$85 members

Fly above the sculptures and swim beneath the water lilies in a series of games, stories, and hands-on projects with clay, collage, and paint.

## Whittlers: Wood Culture

**5 DAYS** June 24-28 | 9 am-4 pm

Ages 10-15 • \$360/\$310 members

There is a unique pleasure in working sustainable natural materials with simple hand tools, a pleasure shared by whittlers everywhere. We will use rasps and files to shape hardwood handles for our own fixed-blade carving knives, and then head to Lynden's back acres to select buckthorn saplings and learn green wood carving techniques. You'll walk away with a staff, as well as a carving tool and new skills that will enable you to continue your whittling adventures at home. Returning whittlers welcome.

## Writers in the Garden

In collaboration with the University of Wisconsin-Milwaukee Writing Project.

**5 DAYS** July 8-12 | 9 am-4 pm

Ages 10-15 • \$332/\$282 members

Aspiring writers are invited to join National Writing Project teacher leaders and Lynden staff for a writing experience at the intersection of art and nature. Build a supportive writing community as you explore a variety of creative writing genres, investigate Lynden's collections and back acres, and engage in the entire writing process from brainstorming and drafting, to providing and receiving feedback, revising, and editing.
