PLAN YOUR NEXT EVENT OR MEETING AT LYNDEN

The Lynden Sculpture Garden's monumental outdoor sculptures, inspiring works of art and magnificent natural vistas provide a perfect venue for personal celebrations, small conferences and retreats, fundraisers and community meetings with a cultural focus. More information at: lydensculpturegarden.org/rentals

The Lynden Sculpture Garden offers programs for young people that integrate the sculpture collection with the natural environment to create a unique hands-on experience of art in nature. Art activities focus on 3D artmaking—though we will also do plenty of painting, drawing and collaging—and an age-appropriate understanding of media, processes and techniques. Nature programs make extensive use of the grounds to create a joyful outdoor experience.

MONTHLY OUTINGS FOR PARENTS & SMALL CHILDREN

Join naturalist Naomi Cobb for outdoor play and exploration.

Tuesdays in the Garden

Tuesdays, 10:30-11:30 am

\$10/ \$8 members for one adult and one child 3 or under. Additional children are \$4.

January 5 & 19: *Winter Wonder*

WEEKLY ART DROP-IN

Drop into our studio for informal art exploration. Come for 30 minutes or stay for 2 1/2 hours; visit weekly or stop by when you need an after-school activity; bring a friend or sibling or try it on your own. Each week we'll introduce different materials, processes and themes, and get you started on a project. Watch for occasional outdoor artmaking days, too. We can accommodate scout troops, art clubs, and other small groups with a little prior notice—contact Jeremy Stepien.

January 6-May 25, Wednesdays, 2:30-5 pm

Ages 6-12, \$10 / \$8 members

Art Drop-In Card: Any 8 sessions for \$56 / \$40 members

Extended Art Drop-In

SCHOOL'S OUT WORKSHOPS

Looking for something to do when school isn't in session?

Ages 6-11

\$60 / \$52 members

9 am-4 pm (late pick-up available)

Micro Forms

Monday, January 25 & Friday, April 1

With the help of magnification tools we can peer into the vast world of microorganisms, the tiny structures that support life. We will zoom into this micro level to observe and record extraordinary patterns and, like Emilie Clark in her *Home Studies in Nature* (2004-2006), we will make large-scale watercolor paintings inspired by these microstructures.

Nature Prints

Monday, February 15 & Friday, March 11

Repeating shapes, colors and textures create patterns found in the natural world as well as the sculptures at Lynden. We will search for recurring patterns in nature and collect organic materials to use as drawing and printing tools. In the studio, our focus will be on printmaking, itself a repetitive process. We will learn to use Lynden's press as we create monotypes and practice *Gyotaku*, a traditional Japanese method of making prints with fish.

Extended Art Drop-In

Monday, January 18, 12-5 pm

Ages 6-12, \$10 / \$8 members

Schedule Your Own Workshop

Are your kids off school on a day when we aren't providing a workshop? If you can assemble a group, we're happy to provide a School's Out Workshop that fits your schedule.

HOMESCHOOL DAYS

Designed by art educator Jeremy Stepien and naturalist Naomi Cobb, Homeschool Days offer a unique, hands-on, small-group experience of art and nature.

Thursdays, 9:30 am-2:30 pm

Ages 6-15

\$40 / \$30 members

January 21: *The Elements*

March 17: *Movement and Migration*

May 19: *Pattern in Nature*

TOURS

Lynden offers docent-led and self-guided tours year-round.

Choose between *Art as an Avenue to EcoAwareness* and a tour that introduces students and teachers to the sculpture of several major 20th-century artists. Dress for the weather.

FIELD TRIPS

Lynden's year-round field trips (K-12) focus on outdoor inquiry and hands-on learning. They address state standards in art and science, common core standards in speaking and listening, and DPI performance standards for environmental education. Our **field trips for the very young** (ages 3-5) include an indoor story time as well as an outdoor adventure and artmaking.

CUSTOMIZED PROGRAMS

Bring the sculpture garden to your classroom prior to a tour or field trip, or integrate your specific curricular needs into a visit to Lynden.

FINANCIAL AID

Financial aid is available; awards are based on need. Questions? Contact Jeremy Stepien, Director of Education
jstepien@lydensculpturegarden.org or 414-446-8481

Lynden's education programs are supported, in part, by the Wisconsin Arts Board with funds from the State of Wisconsin and the National Endowment for the Arts and by the Margaret A. Cargill Foundation.

Project FeederWatch

Lynden is a registered site for the Cornell Lab of Ornithology's Project FeederWatch, a citizen science project that combines the interests of backyard bird watchers with the needs of ornithologists. By making and reporting simple, standardized counts of feeder birds, FeederWatchers contribute to the scientific understanding of bird populations. To schedule an orientation and begin counting birds at Lynden, contact Naomi Cobb at ncobb@lyndensculpturegarden.org.

Light Up the Garden & Lynden by Night +

Sunday, January 17, 3-6:30 pm

What better way to experience Lynden in the winter than by lantern light? Make a lantern in the studio (or bring your own), and then take a lantern-lit walk through the garden, led by naturalist Naomi Cobb. We'll end with a bonfire and hot cider.

Women's Speaker Series

Thursday, January 21, 7-9 pm

\$25 / \$20 members

Meet Jennifer Robson, author of *Moonlight Over Paris*.

Sculpture Tour and Video Program with Scott Wolniak +

Saturday, January 30, 2 pm

Artist Scott Wolniak leads a wintery walk through the Lynden grounds, making meandering lines in the snow (bring your snowshoes), followed by hot chocolate around a bonfire. We will then repair indoors for a short program of new and old video and animation work that relates to Wolniak's current exhibition, *Landscape Record*.

Winter Carnival

Saturday, February 6, 10 am-4 pm

Our 6th annual Winter Carnival features tours, tree walks, artists, games, drop-in studio activities and surprises from organizers **After School Special**. Family passes \$20.

Women's Speaker Series

Thursday, February 11, 7-9 pm

\$35 / \$30 members

Meet Sharon Guskin, author of *The Forgetting Time*

Postscript Event: Searching for Hurston: Writing Black Modernity

Saturday, February 20, 2-4 pm (free)

Join us for a Postscript event following last summer's residency with Reggie Wilson/Fist and Heel Performance Group. The event focuses on the influence of Zora Neale Hurston, author of *Moses, Man of the Mountain*—one of the original inspirations for Wilson's *Moses(es)*. Participants include Fo Wilson, Jessica Lynne, and Shelleen Greene.

Moon Dinner with Naomi Cobb

Saturday, February 20, 5:30-7:30 pm

\$22 / \$20 members (adults); \$12 / \$10 members (children) — includes dinner. Join naturalist Naomi Cobb for a night walk and moonlit dinner, followed by s'mores around the fire.

Scott Wolniak: Landscape Record

Through February 28, 2016

Scott Wolniak deploys rigorous, transformative processes to complicate relationships between found and made, slow and fast, appearing and disappearing, surface and interior. His latest carved plaster tablets and graphite drawings arrive at similar aesthetic states but from opposite directions: the painted tablets respond to surface texture and chance operations, excavating compositions through deconstructive sgraffito techniques, while the drawings depart from landscape imagery and are built up into complex, almost-recognizable images created through a process of repetitive mark-making, erasure, and re-drawing. For Wolniak, there is a meditative effect in repetitive action, and the accumulation of intricate, layered marks yield phenomenological fields: "Millions of small gestures add up to create spatial energy that is not necessarily about *my* hand."

Kim Cridler: The Definitive Line

March 13-June 5, 2016

Trained as a metalsmith, Kim Cridler creates works that utilize the history, making, and meaning of objects of utility and ornamentation. At Lynden, she will be showing large arboreal pieces in steel, bronze and beeswax, as well as drawings and some smaller works. Cridler uses drawing as a practice of "noticing," and this directly informs her recent work, in which the steel wire or rod becomes a line of inquiry into form, content, and the potential of narrative.
