## Classes & Workshops for Children

For complete details and to register, visit [lyndensculpturegarden.org/education](http://lyndensculpturegarden.org/education)

The Lynden Sculpture Garden offers programs for young people—studio classes, our new Art Drop-In, School's Out Workshops, Tuesdays in the Garden, Homeschool Days—that integrate the sculpture collection with the natural environment to create a unique hands-on experience of art in nature. Studio activities focus on 3D artmaking—though we will also do plenty of painting, drawing and collaging—and an age-appropriate understanding of media, processes and techniques.

#### WEEKLY ART DROP-IN

Drop in to our studio for informal art exploration. Come for 30 minutes or stay for 2 1/2 hours; visit weekly or stop by when you need an after-school activity; bring a friend or sibling or try it on your own. Each week we'll introduce different materials, processes and themes, and get you started on a project. Watch for occasional outdoor artmaking days, too.

**January 22 through May 21**

Wednesdays, 3-5:30 pm

Ages 6-12

\$10 / \$8 members

Art Drop-In Card: Any 8 sessions for \$56 / \$40 members

#### TOYSHOP

Harking back to a simpler era of handmade games and toys, we will use clay, paint and mixed media to make our own three-dimensional diversions—guaranteed to cure the winter homebound blues.

**January 22-March 12**

*Two sessions: choose morning or afternoon class.*

Wednesday morning class, 10:30-11:30 am

Wednesday afternoon class, 1-2 pm

Ages 4-6

\$92 / \$76 members

*Financial aid is available; awards are based on need.*

# School's Out Workshops

For complete details and to register, visit: [lyndensculpturegarden.org/education](http://lyndensculpturegarden.org/education)

Looking for something to do on those days  
when school isn't in session?

Ages 6-11  
\$60 / \$52 members  
9 am-4 pm (late pick-up available)

## Scale: Miniature

Available dates: Mondays, February 17 and February 24

In sculpture, scale is often measured in relation to the human figure. In this workshop, we'll consider how the size of a work of art affects our response to it. Enjoy a day of inventive artmaking as we investigate the very small.

## Tree House

Friday, March 7

Imagine a tree house...then spend the day using wood, paper and clay to construct one of your own. With a focus on creative invention, we'll help you design a miniature hideaway for your imagination.

## Scale: Monumental

Available dates: Wednesdays, March 19 and April 16

How does it feel to look up at a skyscraper from the sidewalk below? In this workshop we'll explore the sensations created by monumental sculpture as we design and build our own large-scale inflatable artworks.

## Schedule Your Own Workshop

Are your kids off school on a day when we aren't providing a workshop? If you can assemble a group, we're happy to provide a School's Out Workshop that fits your schedule. Contact Jeremy Stepien at: [jstepien@lyndensculpturegarden.org](mailto:jstepien@lyndensculpturegarden.org)

### Teachers! Looking for a spring tour or field trip?

Lynden is launching a new tour, *Art as an Avenue to Eco Awareness*, available in docent-led and self-guided versions. We also offer a full range of art field trips that combine tours with hands-on artmaking, and nature field trips that introduce students to Lynden's back acres.
