## Programs for Young People

For complete details and to register, visit  
**lyndensculpturegarden.org/education**

The Lynden Sculpture Garden offers programs for young people that integrate the sculpture collection with the natural environment to create a unique hands-on experience of art in nature. Art activities focus on 3D artmaking—though we will also do plenty of painting, drawing and collaging—and an age-appropriate understanding of media, processes and techniques. Nature programs make extensive use of the grounds to create a joyful outdoor experience.

## EXHIBITIONS

+ Opening receptions are free and open to the public.

### WOMEN, NATURE, SCIENCE

Kyoung Ae Cho: *One at a Time*

April 13-July 13

Opening reception: Sunday, April 13, 3-5 pm +

Kyoung Ae Cho presents work that involves the painstaking collection of things over a long period of time, or the slow accretion of small objects to produce a whole. Cho's practice is never far from nature: she collects fallen leaves and twigs for her hangings and closely observes the flowers and insects in her garden, recording their behavior in startling, almost voyeuristic photographs.

### Inside | Outside

Nancy Popp & Paul Druecke

July 26-October 26

Opening reception: Saturday, July 26, 5-8 pm +

Nancy Popp and Paul Druecke use visual markers to redraw the lines of history. In two new installments of Popp's *Untitled (Street Performances)* and in *Garden Path*, Druecke's site-specific intervention, they explore Lynden's evolution from private residence to public institution.

### Harry & Peg Bradley's 3rd Annual Backyard Barbecue

Thursday, August 21, 5-8 pm

Join us for a feast, entertainment, hands-on art, nature activities and a silent auction to benefit our education programs.
